

TRCC Meeting Minutes July 21, 2015

The Traffic Records Coordinating Committee and the Crash Data User Group met jointly on July 21, 2015, in the MDOT - Horatio Earle Learning Center (Dimondale) – Lake Huron Room.

Welcome and Introductions

The meeting was called to order at 1:00 p.m. by TRCC Chair Mark Bott.

Additions to the Agenda

FY15 Project Updates

TCRS Modernization

Started development for Module 6. Expect completion at the end of August. Early view testing of Module 6 starting in September 2015. Development is ahead of schedule so there will be no need for Module 7 development. Testing with the vendors continues.

UD-10 Revision /UD-10 Paper Processing

Internal testing taking place on the last module. Work is on schedule. The vendor (Hyland) has been provided test cases for scanning. Changes to the software is required. Need to install new software to the server.

Crash Locating

IyeTek has been purchased by another company so a new project manager has been named. The goal for completion is September 30, 2015. The next step is to pilot but need the new software to conduct. In February/March expect to test pilot in the field to gain feedback.

UD-10 Crash Trainer

Training continues to be conducted throughout the State, including Brighton, Mason, Iosco County, Capital Security, MSP Metro and a few training academies (Grand Valley, Lake Superior State, MSU). The UD-10 Instructional Manual is complete and going through internal review at this time.

Data Linkage Project

Focus has changed with a pilot project being introduced by MDOT as part of its IT Call for Projects. This pilot will focus on the crash/roadway relationship. Expect to hear status by end of summer.

Occupant Kinematics for the Traffic Crash Reconstruction Training

Traffic Improvement Association (TIA) of Michigan is hosting training August 10 to 14, 2015 for Accident Reconstructionists.

EMS Crash Data Analysis

Project has been awarded to Western Michigan University. OHSP anticipates receiving a final report by March 31, 2016.

FY 2016 Call for Projects

All projects submitted for the FY 2016 Call for Projects have been approved. Projects should be ready to start October 1, 2015.

Traffic Records Strategic Plans – Agency Updates

This will be a standing agenda item. Each agency will provide an update each quarter. Annual updates will be provided in the spring. If needed projects should be identified during the year and not have to wait until the annual call.

Traffic Records Forum Sponsorship

The 2015 meeting will be October 25-28, in Costa Mesa, CA. The theme is Drive Toward the Future: Traffic Safety Information Systems and the Impact of Advanced Vehicle Technologies. TRCC agency members are encouraged to attend. OHSP will continue to monitor the agenda and offer sponsorship to appropriate agency members.

2016 Safety Summit Call for Presentations

Submittals for the 2016 Summit are due September 18, 2015 to OHSP. The goal is to have each action team submit 2 or 3 ideas. Several proposed ideas were discussed. Interested agencies should submit a completed form to Mark Bott and Alicia Sledge by September 4, 2015. Once compiled, the list will be distributed to the committee to set priorities before the final submittal to OHSP.

Agency Roundtable Updates

Updates provided by each agency present.

UD-10 Training Videos

Scott Carlson presented two videos on changes to the UD-10. These will be available shortly on line.

Next Meeting

The next TRCC meeting will be October 15, 2015, at 10:00 a.m. at MSP-HQ Room 1920.
